Benedetta **Perrone**

(+39) 3271677880 | perrone.benedetta@gmail.com | benedetta-perrone | Date of birth: 10 October 2000

Education

Politecnico di Torino — *Turin, Italy*

Master's Degree in Biomedical Engineering (eHealth orientation) — *Sep. 2022 - Dec 2024*

- Main Courses: Technologies for Telemedicine, Biomedical Signal Processing, Artificial Intelligence in Medicine, Telerehabilitation
- Thesis: Research on vocal signal analysis in Parkinson's patients using deep learning techniques (paper).
- GPA: 29.33/30, Final Grade: 110/110 cum laude

University of Dublin - Trinity College — *Dublin, Ireland*

Erasmus Exchange Program — *Sep. 2023 - Jan. 2024*

- Main Courses: Experimental and Research Methods in Biomedical Engineering, Biomaterials, Neural Signal Analysis, Deep Learning
- Results: First-class honours in all courses

Politecnico di Torino — *Turin, Italy*

Bachelor's Degree in Biomedical Engineering — *Sep. 2019 - Jul. 2022*

- Main Courses: Bioimaging, Electrical Circuits, Implantable Active Devices, Signal Analysis, Biomedical Instrumentation And Safety
- GPA: 28.29, Final Grade: 110/110 cum laude

Liceo Scientifico Q. Ennio — *Gallipoli (LE), Italy*

High School Diploma — *Sep. 2014 - Jun. 2019*

- Final Grade: 100/100 cum laude

Experience

KU Leuven – ESAT/STADIUS Division — *Leuven, Belgium*

PhD Researcher – EEG-based Brain-Computer Interfaces — *Nov. 2025 - Present*

- Developing calibration-free EEG-based brain-computer interfaces for decoding attention to naturalistic auditory stimuli.

Politecnico di Torino – Department of Automation and Informatics — *Turin, Italy*

Postgraduate Research Fellow — *Nov. 2024 - Nov. 2025*

- Assisting in the development and validation of algorithms for automated sleep disorder assessment using polysomnographic data.

HKN Mu Nu Chapter, IEEE — *Turin, Italy*

Corporate Training Area — *Mar. 2024 - Present*

- Collaborated in organizing workshops and seminars for student professional development.

WeAreHERe - PoliWO, Politecnico di Torino — *Turin, Italy*

Student Mentor — *Sep. 2023 - Sep 2024*

- Supported initiatives promoting female enrollment in engineering by providing mentoring and organizing awareness events.

Politecnico di Torino — *Turin, Italy*

Internship — *Mar. 2022 - Jun. 2022*

- Developed computational models of molecular networks in an interdisciplinary project (paper).

Una Settimana da Ricercatore, University of Salento — *Lecce, Italy*

Biology Technician — *Sep. 2017*

- Gained practical experience in PCR and gel electrophoresis, contributing to molecular biology research projects.

Honors & Awards

2019-2022 **Awardee**, Young Talent Project, Politecnico di Torino (Top 200 students, badge) — *Turin, Italy*

May 2017 **Winner**, "Una Settimana da Ricercatore" Competition, University of Salento — *Lecce, Italy*

Skills

Programming MATLAB, Python, C

Data Analysis GraphPad, Excel

Software SolidWorks, Microsoft Office, LaTeX

Languages Italian (Native), English (Fluent, C1)
